### **Email Endorsement**

The debtor seeks to extend the time for filing a proposal. The Proposal Trustee supports the request. The request is unopposed. I am satisfied from my review of the Proposal Trustee's third report dated October 20, 2021 that an extension will provide additional time to continue the SISF, the outcome of which will determine how this matter proceeds. Cash flow forecasts show that the debtor has sufficient funds to see it through the extension.

The Proposal Trustee also seeks approval of its and its counsel's fees. I am satisfied by my review of the invoices in question that the fees are reasonable for the work required.

I have attached a signed order granting the foregoing relief.

**Justice Markus Koehnen**
