ENDORSEMENT

INTRODUCTION

[1] On June 29, 2009, I granted the motion of the Applicants and approved the bidding procedures (the “Bidding Procedures”) described in the affidavit of Mr. Riedel sworn June 23, 2009 (the “Riedel Affidavit”) and the Fourteenth Report of Ernst & Young, Inc., in its capacity as Monitor (the “Monitor”) (the “Fourteenth Report”). The order was granted immediately after His Honour Judge Gross of the United States Bankruptcy Court for the District of Delaware (the “U.S. Court”) approved the Bidding Procedures in the Chapter 11 proceedings.

[2] I also approved the Asset Sale Agreement dated as of June 19, 2009 (the “Sale Agreement”) among Nokia Siemens Networks B.V. (“Nokia Siemens Networks” or the “Purchaser”), as buyer, and Nortel Networks Corporation (“NNC”), Nortel Networks Limited (“NNL”), Nortel Networks, Inc. (“NNI”) and certain of their affiliates, as vendors (collectively the “Sellers”) in the form attached as Appendix “A” to the Fourteenth Report and I also approved and accepted the Sale Agreement for the purposes of conducting the “stalking horse” bidding process in accordance with the Bidding Procedures including, the Break-Up Fee and the Expense Reimbursement (as both terms are defined in the Sale Agreement).

[3] An order was also granted sealing confidential Appendix “B” to the Fourteenth Report containing the schedules and exhibits to the Sale Agreement pending further order of this court.

[4] The following are my reasons for granting these orders.

[5] The hearing on June 29, 2009 (the “Joint Hearing”) was conducted by way of video conference with a similar motion being heard by the U.S. Court. His Honor Judge Gross presided over the hearing in the U.S. Court. The Joint Hearing was conducted in accordance with the provisions of the Cross-Border Protocol, which had previously been approved by both the U.S. Court and this court.

[6] The Sale Agreement relates to the Code Division Multiple Access (“CMDA”) business Long-Term Evolution (“LTE”) Access assets.

[7] The Sale Agreement is not insignificant. The Monitor reports that revenues from CDMA comprised over 21% of Nortel’s 2008 revenue. The CDMA business employs approximately 3,100 people (approximately 500 in Canada) and the LTE business employs approximately 1,000 people (approximately 500 in Canada). The purchase price under the Sale Agreement is \$650 million.

BACKGROUND

[8] The Applicants were granted CCAA protection on January 14, 2009. Insolvency proceedings have also been commenced in the United States, the United Kingdom, Israel and France.

[9] At the time the proceedings were commenced, Nortel’s business operated through 143 subsidiaries, with approximately 30,000 employees globally. As of January 2009, Nortel employed approximately 6,000 people in Canada alone.

[10] The stated purpose of Nortel’s filing under the CCAA was to stabilize the Nortel business to maximize the chances of preserving all or a portion of the enterprise. The Monitor reported that a thorough strategic review of the company’s assets and operations would have to be undertaken in consultation with various stakeholder groups.

[11] In April 2009, the Monitor updated the court and noted that various restructuring alternatives were being considered.

[12] On June 19, 2009, Nortel announced that it had entered into the Sale Agreement with respect to its assets in its CMDA business and LTE Access assets (collectively, the “Business”) and that it was pursuing the sale of its other business units. Mr. Riedel in his affidavit states that Nortel has spent many months considering various restructuring alternatives before determining in its business judgment to pursue “going concern” sales for Nortel’s various business units.

[13] In deciding to pursue specific sales processes, Mr. Riedel also stated that Nortel’s management considered:

- (a) the impact of the filings on Nortel’s various businesses, including deterioration in sales; and

- (b) the best way to maximize the value of its operations, to preserve jobs and to continue businesses in Canada and the U.S.

[14] Mr. Riedel notes that while the Business possesses significant value, Nortel was faced with the reality that:

- (a) the Business operates in a highly competitive environment;
- (b) full value cannot be realized by continuing to operate the Business through a restructuring; and
- (c) in the absence of continued investment, the long-term viability of the Business would be put into jeopardy.

[15] Mr. Riedel concluded that the proposed process for the sale of the Business pursuant to an auction process provided the best way to preserve the Business as a going concern and to maximize value and preserve the jobs of Nortel employees.

[16] In addition to the assets covered by the Sale Agreement, certain liabilities are to be assumed by the Purchaser. This issue is covered in a comprehensive manner at paragraph 34 of the Fourteenth Report. Certain liabilities to employees are included on this list. The assumption of these liabilities is consistent with the provisions of the Sale Agreement that requires the Purchaser to extend written offers of employment to at least 2,500 employees in the Business.

[17] The Monitor also reports that given that certain of the U.S. Debtors are parties to the Sale Agreement and given the desire to maximize value for the benefit of stakeholders, Nortel determined and it has agreed with the Purchaser that the Sale Agreement is subject to higher or better offers being obtained pursuant to a sale process under s. 363 of the U.S. Bankruptcy Code and that the Sale Agreement shall serve as a “stalking horse” bid pursuant to that process.

[18] The Bidding Procedures provide that all bids must be received by the Seller by no later than July 21, 2009 and that the Sellers will conduct an auction of the purchased assets on July 24, 2009. It is anticipated that Nortel will ultimately seek a final sales order from the U.S. Court on or about July 28, 2009 and an approval and vesting order from this court in respect of the Sale Agreement and purchased assets on or about July 30, 2009.

[19] The Monitor recognizes the expeditious nature of the sale process but the Monitor has been advised that given the nature of the Business and the consolidation occurring in the global market, there are likely to be a limited number of parties interested in acquiring the Business.

[20] The Monitor also reports that Nortel has consulted with, among others, the Official Committee of Unsecured Creditors (the “UCC”) and the bondholder group regarding the Bidding Procedures and is of the view that both are supportive of the timing of this sale process. (It is noted that the UCC did file a limited objection to the motion relating to certain aspects of the Bidding Procedures.)

[21] Given the sale efforts made to date by Nortel, the Monitor supports the sale process outlined in the Fourteenth Report and more particularly described in the Bidding Procedures.

[22] Objections to the motion were filed in the U.S. Court and this court by MatlinPatterson Global Advisors LLC, MatlinPatterson Global Opportunities Partners III L.P. and Matlin Patterson Opportunities Partners (Cayman) III L.P. (collectively, “MatlinPatterson”) as well the UCC.

[23] The objections were considered in the hearing before Judge Gross and, with certain limited exceptions, the objections were overruled.

ISSUES AND DISCUSSION

[24] The threshold issue being raised on this motion by the Applicants is whether the CCAA affords this court the jurisdiction to approve a sales process in the absence of a formal plan of compromise or arrangement and a creditor vote. If the question is answered in the affirmative, the secondary issue is whether this sale should authorize the Applicants to sell the Business.

[25] The Applicants submit that it is well established in the jurisprudence that this court has the jurisdiction under the CCAA to approve the sales process and that the requested order should be granted in these circumstances.

[26] Counsel to the Applicants submitted a detailed factum which covered both issues.

[27] Counsel to the Applicants submits that one of the purposes of the CCAA is to preserve the going concern value of debtors companies and that the court’s jurisdiction extends to authorizing sale of the debtor’s business, even in the absence of a plan or creditor vote.

[28] The CCAA is a flexible statute and it is particularly useful in complex insolvency cases in which the court is required to balance numerous constituents and a myriad of interests.

[29] The CCAA has been described as “skeletal in nature”. It has also been described as a “sketch, an outline, a supporting framework for the resolution of corporate insolvencies in the public interest”. *ATB Financial v. Metcalfe & Mansfield Alternative Investments II Corp.* (2008), 45 C.B.R. (5th) 163 (Ont. C.A.) at paras. 44, 61, leave to appeal refused [2008] SCCA 337. (“ATB Financial”).

[30] The jurisprudence has identified as sources of the court’s discretionary jurisdiction, *inter alia*:

- (a) the power of the court to impose terms and conditions on the granting of a stay under s. 11(4) of the CCAA;
- (b) the specific provision of s. 11(4) of the CCAA which provides that the court may make an order “on such terms as it may impose”; and

- (c) the inherent jurisdiction of the court to “fill in the gaps” of the CCAA in order to give effect to its objects. *Re Canadian Red Cross Society* (1998), 5 C.B.R. (4th) 299 (Ont. Gen. Div.) at para. 43; *Re PSINet Ltd.* (2001), 28 C.B.R. (4th) 95 (Ont. S.C.J.) at para. 5, *ATB Financial, supra*, at paras. 43-52.

[31] However, counsel to the Applicants acknowledges that the discretionary authority of the court under s. 11 must be informed by the purpose of the CCAA.

Its exercise must be guided by the scheme and object of the Act and by the legal principles that govern corporate law issues. *Re Stelco Inc.* (2005), 9 C.B.R. (5th) 135 (Ont. C.A.) at para. 44.

[32] In support of the court’s jurisdiction to grant the order sought in this case, counsel to the Applicants submits that Nortel seeks to invoke the “overarching policy” of the CCAA, namely, to preserve the going concern. *Re Residential Warranty Co. of Canada Inc.* (2006), 21 C.B.R. (5th) 57 (Alta. Q.B.) at para. 78.

[33] Counsel to the Applicants further submits that CCAA courts have repeatedly noted that the purpose of the CCAA is to preserve the benefit of a going concern business for all stakeholders, or “the whole economic community”:

The purpose of the CCAA is to facilitate arrangements that might avoid liquidation of the company and allow it to continue in business to the benefit of the whole economic community, including the shareholders, the creditors (both secured and unsecured) and the employees. *Citibank Canada v. Chase Manhattan Bank of Canada* (1991), 5 C.B.R. (3rd) 167 (Ont. Gen. Div.) at para. 29. *Re Consumers Packaging Inc.* (2001) 27 C.B.R. (4th) 197 (Ont. C.A.) at para. 5.

[34] Counsel to the Applicants further submits that the CCAA should be given a broad and liberal interpretation to facilitate its underlying purpose, including the preservation of the going concern for the benefit of all stakeholders and further that it should not matter whether the business continues as a going concern under the debtor’s stewardship or under new ownership, for as long as the business continues as a going concern, a primary goal of the CCAA will be met.

[35] Counsel to the Applicants makes reference to a number of cases where courts in Ontario, in appropriate cases, have exercised their jurisdiction to approve a sale of assets, even in the absence of a plan of arrangement being tendered to stakeholders for a vote. In doing so, counsel to the Applicants submits that the courts have repeatedly recognized that they have jurisdiction under the CCAA to approve asset sales in the absence of a plan of arrangement, where such sale is in the best interests of stakeholders generally. *Re Canadian Red Cross Society, supra, Re PSINet, supra, Re Consumers Packaging, supra, Re Stelco Inc.* (2004), 6 C.B.R. (5th) 316 (Ont. S.C.J.) at para. 1, *Re Tiger Brand Knitting Co.* (2005) 9 C.B.R. (5th) 315, *Re Caterpillar*

Financial Services Ltd. v. Hardrock Paving Co. (2008), 45 C.B.R. (5th) 87 and *Re Lehndorff General Partner Ltd.* (1993), 17 C.B.R. (3rd) 24 (Ont. Gen. Div.).

[36] In *Re Consumers Packaging, supra*, the Court of Appeal for Ontario specifically held that a sale of a business as a going concern during a CCAA proceeding is consistent with the purposes of the CCAA:

The sale of Consumers' Canadian glass operations as a going concern pursuant to the Owens-Illinois bid allows the preservation of Consumers' business (albeit under new ownership), and is therefore consistent with the purposes of the CCAA.

...we cannot refrain from commenting that Farley J.'s decision to approve the Owens-Illinois bid is consistent with previous decisions in Ontario and elsewhere that have emphasized the broad remedial purpose of flexibility of the CCAA and have approved the sale and disposition of assets during CCAA proceedings prior to a formal plan being tendered. *Re Consumers Packaging, supra, at paras. 5, 9.*

[37] Similarly, in *Re Canadian Red Cross Society, supra*, Blair J. (as he then was) expressly affirmed the court's jurisdiction to approve a sale of assets in the course of a CCAA proceeding before a plan of arrangement had been approved by creditors. *Re Canadian Red Cross Society, supra*, at paras. 43, 45.

[38] Similarly, in *PSINet Limited, supra*, the court approved a going concern sale in a CCAA proceeding where no plan was presented to creditors and a substantial portion of the debtor's Canadian assets were to be sold. Farley J. noted as follows:

[If the sale was not approved,] there would be a liquidation scenario ensuing which would realize far less than this going concern sale (which appears to me to have involved a transparent process with appropriate exposure designed to maximize the proceeds), thus impacting upon the rest of the creditors, especially as to the unsecured, together with the material enlarging of the unsecured claims by the disruption claims of approximately 8,600 customers (who will be materially disadvantaged by an interrupted transition) plus the job losses for approximately 200 employees. *Re PSINet Limited, supra, at para. 3.*

[39] In *Re Stelco Inc., supra*, in 2004, Farley J. again addressed the issue of the feasibility of selling the operations as a going concern:

I would observe that usually it is the creditor side which wishes to terminate CCAA proceedings and that when the creditors threaten to take action, there is a realization that a liquidation scenario will not only have a negative effect upon a CCAA applicant, but also upon its workforce. Hence, the CCAA may be employed to provide stability during a period of necessary financial and operational restructuring – and if a restructuring of the “old company” is not

feasible, then there is the exploration of the feasibility of the sale of the operations/enterprise as a going concern (with continued employment) in whole or in part. *Re Stelco Inc, supra*, at para. 1.

[40] I accept these submissions as being general statements of the law in Ontario. The value of equity in an insolvent debtor is dubious, at best, and, in my view, it follows that the determining factor should not be whether the business continues under the debtor's stewardship or under a structure that recognizes a new equity structure. An equally important factor to consider is whether the case can be made to continue the business as a going concern.

[41] Counsel to the Applicants also referred to decisions from the courts in Quebec, Manitoba and Alberta which have similarly recognized the court's jurisdiction to approve a sale of assets during the course of a CCAA proceeding. *Re Boutique San Francisco Inc.* (2004), 7 C.B.R. (5th) 189 (Quebec S. C.), *Re Winnipeg Motor Express Inc.* (2008), 49 C.B.R. (5th) 302 (Man. Q.B.) at paras. 41, 44, and *Re Calpine Canada Energy Limited* (2007), 35 C.B.R. (5th) (Alta. Q.B.) at para. 75.

[42] Counsel to the Applicants also directed the court's attention to a recent decision of the British Columbia Court of Appeal which questioned whether the court should authorize the sale of substantially all of the debtor's assets where the debtor's plan "will simply propose that the net proceeds from the sale...be distributed to its creditors". In *Cliffs Over Maple Bay Investments Ltd. v. Fisgard Capital Corp.* (2008), 46 C.B.R. (5th) 7 (B.C.C.A.) ("*Cliffs Over Maple Bay*"), the court was faced with a debtor who had no active business but who nonetheless sought to stave off its secured creditor indefinitely. The case did not involve any type of sale transaction but the Court of Appeal questioned whether a court should authorize the sale under the CCAA without requiring the matter to be voted upon by creditors.

[43] In addressing this matter, it appears to me that the British Columbia Court of Appeal focussed on whether the court should grant the requested relief and not on the question of whether a CCAA court has the jurisdiction to grant the requested relief.

[44] I do not disagree with the decision in *Cliffs Over Maple Bay*. However, it involved a situation where the debtor had no active business and did not have the support of its stakeholders. That is not the case with these Applicants.

[45] The *Cliffs Over Maple Bay* decision has recently been the subject of further comment by the British Columbia Court of Appeal in *Asset Engineering L.P. v. Forest and Marine Financial Limited Partnership* (2009) B.C.C.A. 319.

[46] At paragraphs 24 - 26 of the *Forest and Marine* decision, Newbury J.A. stated:

24. In *Cliffs Over Maple Bay*, the debtor company was a real estate developer whose one project had failed. The company had been dormant for some time. It applied for CCAA protection but described its proposal for restructuring in vague terms that amounted essentially to a plan to "secure sufficient funds" to complete the stalled project (Para. 34). This court, per Tysoe J.A., ruled that although the

Act can apply to single-project companies, its purposes are unlikely to be engaged in such instances, since mortgage priorities are fully straight forward and there will be little incentive for senior secured creditors to compromise their interests (Para. 36). Further, the Court stated, the granting of a stay under s. 11 is “not a free standing remedy that the court may grant whenever an insolvent company wishes to undertake a “restructuring”...Rather, s. 11 is ancillary to the fundamental purpose of the CCAA, and a stay of proceedings freezing the rights of creditors should only be granted in furtherance of the CCAA’s fundamental purpose”. That purpose has been described in *Meridian Developments Inc. v. Toronto Dominion Bank* (1984) 11 D.L.R. (4th) 576 (Alta. Q.B.):

The legislation is intended to have wide scope and allow a judge to make orders which will effectively maintain the status quo for a period while the insolvent company attempts to gain the approval of its creditors for a proposed arrangement which will enable the company to remain in operation for what is, hopefully, the future benefit of both the company and its creditors. [at 580]

25. The Court was not satisfied in *Cliffs Over Maple Bay* that the “restructuring” contemplated by the debtor would do anything other than distribute the net proceeds from the sale, winding up or liquidation of its business. The debtor had no intention of proposing a plan of arrangement, and its business would not continue following the execution of its proposal – thus it could not be said the purposes of the statute would be engaged...

26. In my view, however, the case at bar is quite different from *Cliffs Over Maple Bay*. Here, the main debtor, the Partnership, is at the centre of a complicated corporate group and carries on an active financing business that it hopes to save notwithstanding the current economic cycle. (The business itself which fills a “niche” in the market, has been carried on in one form or another since 1983.) The CCAA is appropriate for situations such as this where it is unknown whether the “restructuring” will ultimately take the form of a refinancing or will involve a reorganization of the corporate entity or entities and a true compromise of the rights of one or more parties. The “fundamental purpose” of the Act – to preserve the *status quo* while the debtor prepares a plan that will enable it to remain in business to the benefit of all concerned – will be furthered by granting a stay so that the means contemplated by the Act – a compromise or arrangement – can be developed, negotiated and voted on if necessary...

[47] It seems to me that the foregoing views expressed in *Forest and Marine* are not inconsistent with the views previously expressed by the courts in Ontario. The CCAA is intended to be flexible and must be given a broad and liberal interpretation to achieve its objectives and a sale by the debtor which preserves its business as a going concern is, in my view, consistent with those objectives.

[48] I therefore conclude that the court does have the jurisdiction to authorize a sale under the CCAA in the absence of a plan.

[49] I now turn to a consideration of whether it is appropriate, in this case, to approve this sales process. Counsel to the Applicants submits that the court should consider the following factors in determining whether to authorize a sale under the CCAA in the absence of a plan:

- (a) is a sale transaction warranted at this time?
- (b) will the sale benefit the whole “economic community”?
- (c) do any of the debtors’ creditors have a *bona fide* reason to object to a sale of the business?
- (d) is there a better viable alternative?

I accept this submission.

[50] It is the position of the Applicants that Nortel’s proposed sale of the Business should be approved as this decision is to the benefit of stakeholders and no creditor is prejudiced. Further, counsel submits that in the absence of a sale, the prospects for the Business are a loss of competitiveness, a loss of value and a loss of jobs.

[51] Counsel to the Applicants summarized the facts in support of the argument that the Sale Transaction should be approved, namely:

- (a) Nortel has been working diligently for many months on a plan to reorganize its business;
- (b) in the exercise of its business judgment, Nortel has concluded that it cannot continue to operate the Business successfully within the CCAA framework;
- (c) unless a sale is undertaken at this time, the long-term viability of the Business will be in jeopardy;
- (d) the Sale Agreement continues the Business as a going concern, will save at least 2,500 jobs and constitutes the best and most valuable proposal for the Business;
- (e) the auction process will serve to ensure Nortel receives the highest possible value for the Business;
- (f) the sale of the Business at this time is in the best interests of Nortel and its stakeholders; and
- (g) the value of the Business is likely to decline over time.

[52] The objections of MatlinPatterson and the UCC have been considered. I am satisfied that the issues raised in these objections have been addressed in a satisfactory manner by the ruling of Judge Gross and no useful purpose would be served by adding additional comment.

[53] Counsel to the Applicants also emphasize that Nortel will return to court to seek approval of the most favourable transaction to emerge from the auction process and will aim to satisfy the elements established by the court for approval as set out in *Royal Bank v. Soundair* (1991), 7 C.B.R. (3rd) 1 (Ont. C.A.) at para. 16.

DISPOSITION

[54] The Applicants are part of a complicated corporate group. They carry on an active international business. I have accepted that an important factor to consider in a CCAA process is whether the case can be made to continue the business as a going concern. I am satisfied having considered the factors referenced at [49], as well as the facts summarized at [51], that the Applicants have met this test. I am therefore satisfied that this motion should be granted.

[55] Accordingly, I approve the Bidding Procedures as described in the Riedel Affidavit and the Fourteenth Report of the Monitor, which procedures have been approved by the U.S. Court.

[56] I am also satisfied that the Sale Agreement should be approved and further that the Sale Agreement be approved and accepted for the purposes of conducting the “stalking horse” bidding process in accordance with the Bidding Procedures including, without limitation the Break-Up Fee and the Expense Reimbursement (as both terms are defined in the Sale Agreement).

[57] Further, I have also been satisfied that Appendix B to the Fourteenth Report contains information which is commercially sensitive, the dissemination of which could be detrimental to the stakeholders and, accordingly, I order that this document be sealed, pending further order of the court.

[58] In approving the Bidding Procedures, I have also taken into account that the auction will be conducted prior to the sale approval motion. This process is consistent with the practice of this court.

[59] Finally, it is the expectation of this court that the Monitor will continue to review ongoing issues in respect of the Bidding Procedures. The Bidding Procedures permit the Applicants to waive certain components of qualified bids without the consent of the UCC, the bondholder group and the Monitor. However, it is the expectation of this court that, if this situation arises, the Applicants will provide advance notice to the Monitor of its intention to do so.

s. 36 — considered

MOTION by applicants for extension of stay and for approval of bid process and agreement.

***Morawetz J.*:**

1 At the conclusion of the hearing on December 11, 2009, I granted the motion with reasons to follow. These are the reasons.

2 The Applicants brought this motion for an extension of the Stay Period, approval of the Bid Process and approval of the Stalking Horse APA between TalentPoint Inc., 2223945 Ontario Ltd., 2223947 Ontario Ltd., and 2223956 Ontario Ltd., as purchasers (collectively, the "Purchasers") and each of the Applicants, as vendors.

3 The affidavit of Mr. Jewitt and the Report of the Monitor dated December 1, 2009 provide a detailed summary of the events that lead to the bringing of this motion.

4 The Monitor recommends that the motion be granted.

5 The motion is also supported by TD Bank, Roynat, and the Noteholders. These parties have the significant economic interest in the Applicants.

6 Counsel on behalf of Mr. Singh and the proposed Purchasers also supports the motion.

7 Opposition has been voiced by counsel on behalf of Procom Consultants Group Inc., a business competitor to the Applicants and a party that has expressed interest in possibly bidding for the assets of the Applicants.

8 The Bid Process, which provides for an auction process, and the proposed Stalking Horse APA have been considered by Breakwall, the independent Special Committee of the Board and the Monitor.

9 Counsel to the Applicants submitted that, absent the certainty that the Applicants' business will continue as a going concern which is created by the Stalking Horse APA and the Bid Process, substantial damage would result to the Applicants' business due to the potential loss of clients, contractors and employees.

10 The Monitor agrees with this assessment. The Monitor has also indicated that it is of the view that the Bid Process is a fair and open process and the best method to either identify the Stalking Horse APA as the highest and best bid for the Applicants' assets or to produce an offer for the Applicants' assets that is superior to the Stalking Horse APA.

11 It is acknowledged that the proposed purchaser under the Stalking Horse APA is an insider and a related party. The Monitor is aware of the complications that arise by having an insider being a bidder. The Monitor has indicated that it is of the view that any competing bids can be evaluated and compared with the Stalking Horse APA, even though the bids may not be based on a standard template.

12 Counsel on behalf of Procom takes issue with the \$700,000 break fee which has been provided for in the Stalking Horse APA. He submits that it is neither fair nor necessary to have a break fee. Counsel submits that the break fee will have a chilling effect on the sales process as it will require his client to in effect outbid Mr. Singh's group by in excess of \$700,000 before its bid could be considered. The break fee is approximately 2.5% of the total consideration.

13 The use of a stalking horse bid process has become quite popular in recent CCAA filings. In *Nortel Networks Corp., Re*, [2009] O.J. No. 3169 (Ont. S.C.J. [Commercial List]), I approved a stalking horse sale process and set out four factors (the "Nortel Criteria") the court should consider in the exercise of its general statutory discretion to determine whether to authorize a sale process:

- (a) Is a sale transaction warranted at this time?
- (b) Will the sale benefit the whole "economic community"?
- (c) Do any of the debtors' creditors have a *bona fide* reason to object to a sale of the business?
- (d) Is there a better viable alternative?

14 The Nortel decision predates the recent amendments to the CCAA. This application was filed December 2, 2009 which post-dates the amendments.

15 Section 36 of the CCAA expressly permits the sale of substantially all of the debtors' assets in the absence of a plan. It also sets out certain factors to be considered on such a sale. However, the amendments do not directly assess the factors a court should consider when deciding to approve a sale process.

16 Counsel to the Applicants submitted that a distinction should be drawn between the approval of a sales process and the approval of an actual sale in that the Nortel Criteria is engaged when considering whether to approve a sales process, while s. 36 of the CCAA is engaged when determining whether to approve a sale. Counsel also submitted that s. 36 should also be considered indirectly when applying the Nortel Criteria.

17 I agree with these submissions. There is a distinction between the approval of the sales process and the approval of a sale. Issues can arise after approval of a sales process and prior to the approval of a sale that requires a review in the context of s. 36 of the CCAA. For example, it is only on a sale approval motion that the court can consider whether there has been any unfairness in the working out of the sales process.

18 In this case, the Special Committee, the advisors, the key creditor groups and the Monitor all expressed support for the Applicants' process.

19 In my view, the Applicants have established that a sales transaction is warranted at this time and that the sale will be of benefit to the "economic community". I am also satisfied that no better alternative has been put forward. In addition, no creditor has come forward to object to a sale of the business.

20 With respect to the possibility that the break fee may deter other bidders, this is a business point that has been considered by the Applicants, its advisors and key creditor groups. At 2.5% of the amount of the bid, the break fee is consistent with break fees that have been approved by this court in other proceedings. The record makes it clear that the break fee issue has been considered and, in the exercise of their business judgment, the Special Committee unanimously recommended to the Board and the Board unanimously approved the break fee. In the circumstances of this case, it is not appropriate or necessary for the court to substitute its business judgment for that of the Applicants.

21 For the foregoing reasons, I am satisfied that the Bid Process and the Stalking Horse APA be approved.

22 For greater certainty, a bid will not be disqualified as a Qualified Bid (or a bidder as a Qualified Bidder) for the reason that the bid does not contemplate the bidder offering employment to all or substantially all of the employees of the Applicants or assuming liabilities to employees on terms comparable to those set out in s. 5.6 of the Stalking Horse Bid. However, this may be considered as a factor in comparing the relative value of competing bids.

23 The Applicants also seek an extension of the Stay Period to coincide with the timelines in the Bid Process. The timelines call for the transaction to close in either February or March, 2010 depending on whether there is a plan of arrangement proposed.

24 Having reviewed the record and heard submissions, I am satisfied that the Applicants have acted, and are acting, in good faith and with due diligence and that circumstances exist that make the granting of an extension appropriate. Accordingly, the Stay Period is extended to February 8, 2010.

25 An order shall issue to give effect to the foregoing.

Motion granted.

MOTION to, inter alia, approve stalking horse agreement and SISP.

Penny J.:

The Motion

1 On February 8, 2016 I granted an order approving a SISP in respect of Danier Leather Inc., with reasons to follow. These are those reasons.

2 Danier filed a Notice of Intention to make a proposal under the BIA on February 4, 2016. This is a motion to:

(a) approve a stalking horse agreement and SISP;

(b) approve the payment of a break fee, expense reimbursement and signage costs obligations in connection with the stalking horse agreement;

(c) authorize Danier to perform its obligations under engagement letters with its financial advisors and a charge to secure success fees;

- (d) approve an Administration Charge;
- (e) approve a D&O Charge;
- (f) approve a KERP and KERP Charge; and
- (g) grant a sealing order in respect of the KERP and a stalking horse offer summary.

Background

3 Danier is an integrated designer, manufacturer and retailer of leather and suede apparel and accessories. Danier primarily operates its retail business from 84 stores located throughout Canada. It does not own any real property. Danier employs approximately 1,293 employees. There is no union or pension plan.

4 Danier has suffered declining revenues and profitability over the last two years resulting primarily from problems implementing its strategic plan. The accelerated pace of change in both personnel and systems resulting from the strategic plan contributed to fashion and inventory miscues which have been further exacerbated by unusual extremes in the weather and increased competition from U.S. and international retailers in the Canadian retail space and the depreciation of the Canadian dollar relative to the American dollar.

5 In late 2014, Danier implemented a series of operational and cost reduction initiatives in an attempt to return Danier to profitability. These initiatives included reductions to headcount, marketing costs, procurement costs and capital expenditures, renegotiating supply terms, rationalizing Danier's operations, improving branding, growing online sales and improving price management and inventory mark downs. In addition, Danier engaged a financial advisor and formed a special committee comprised of independent members of its board of directors to explore strategic alternatives to improve Danier's financial circumstances, including soliciting an acquisition transaction for Danier.

6 As part of its mandate, the financial advisor conducted a seven month marketing process to solicit offers from interested parties to acquire Danier. The financial advisor contacted approximately 189 parties and provided 33 parties with a confidential information memorandum describing Danier and its business. Over the course of this process, the financial advisor had meaningful conversations with several interested parties but did not receive any formal offers to provide capital and/or to acquire the shares of Danier. One of the principal reasons that this process was unsuccessful is that it focused on soliciting an acquisition transaction, which ultimately proved unappealing to interested parties as Danier's risk profile was too great. An acquisition transaction did not afford prospective purchasers the ability to restructure Danier's affairs without incurring significant costs.

7 Despite Danier's efforts to restructure its financial affairs and turn around its operations, Danier has experienced significant net losses in each of its most recently completed fiscal years and in each of the two most recently completed fiscal quarters in the 2016 fiscal year. Danier currently has approximately \$9.6 million in cash on hand but is projected to be cash flow negative every month until at least September 2016. Danier anticipated that it would need to borrow under its loan facility with CIBC by July 2016. CIBC has served a notice of default and indicate no funds will be advanced under its loan facility. In addition, for the 12 months ending December 31, 2015, 30 of Danier's 84 store locations were unprofitable. If Danier elects to close those store locations, it will be required to terminate the corresponding leases and will face substantial landlord claims which it will not be able to satisfy in the normal course.

8 Danier would not have had the financial resources to implement a restructuring of its affairs if it had delayed a filing under the BIA until it had entirely used up its cash resources. Accordingly, on February 4, 2016, Danier commenced these proceedings for the purpose of entering into a stalking horse agreement and implementing the second phase of the SISP.

The Stalking Horse Agreement

9 The SISP is comprised of two phases. In the first phase, Danier engaged the services of its financial advisor to find a stalking horse bidder. The financial advisor corresponded with 22 parties, 19 of whom had participated in the 2015 solicitation process and were therefore familiar with Danier. In response, Danier received three offers and, with the assistance of the financial advisor and the Proposal Trustee, selected GA Retail Canada or an affiliate (the "Agent") as the successful bid. The Agent is an affiliate of Great American Group, which has extensive experience in conducting retail store liquidations.

10 On February 4, 2016, Danier and the Agent entered into the stalking horse agreement, subject to Court approval. Pursuant to the stalking horse agreement, the Agent will serve as the stalking horse bid in the SISP and the exclusive liquidator for the purpose of disposing of Danier's inventory. The Agent will dispose of the merchandise by conducting a "store closing" or similar sale at the stores.

11 The stalking horse agreement provides that Danier will receive a net minimum amount equal to 94.6% of the aggregate value of the merchandise, provided that the value of the merchandise is no less than \$22 million and no more than \$25 million. After payment of this amount and the expenses of the sale, the Agent is entitled to retain a 5% commission. Any additional proceeds of the sale after payment of the commission are divided equally between the Agent and Danier.

12 The stalking horse agreement also provides that the Agent is entitled to (a) a break fee in the amount of \$250,000; (b) an expense reimbursement for its reasonable and documented out-of-pocket expenses in an amount not to exceed \$100,000; and (c) the reasonable costs, fees and expenses actually incurred and paid by the Agent in acquiring signage or other advertising and promotional material in connection with the sale in an amount not to exceed \$175,000, each payable if another bid is selected and the transaction contemplated by the other bid is completed. Collectively, the break fee, the maximum amount payable under the expense reimbursement and the signage costs obligations represent approximately 2.5% of the minimum consideration payable under the stalking horse agreement. Another liquidator submitting a successful bid in the course of the SISP will be required to purchase the signage from the Agent at its cost.

13 The stalking horse agreement is structured to allow Danier to proceed with the second phase of the SISP and that process is designed to test the market to ascertain whether a higher or better offer can be obtained from other parties. While the stalking horse agreement contemplates liquidating Danier's inventory, it also establishes a floor price that is intended to encourage bidders to participate in the SISP who may be interested in going concern acquisitions as well.

The SISP

14 Danier, in consultation with the Proposal Trustee and financial advisor, have established the procedures which are to be followed in conducting the second phase of the SISP.

15 Under the SISP, interested parties may make a binding proposal to acquire the business or all or any part of Danier's assets, to make an investment in Danier or to liquidate Danier's inventory and furniture, fixtures and equipment.

16 Danier, in consultation with the Proposal Trustee and its financial advisors, will evaluate the bids and may (a) accept, subject to Court approval, one or more bids, (b) conditionally accept, subject to Court approval, one or more backup bids (conditional upon the failure of the transactions contemplated by the successful bid to close, or (c) pursue an auction in accordance with the procedures set out in the SISP.

17 The key dates of the second phase of the SISP are as follows:

- (1) The second phase of the SISP will commence upon approval by the Court
- (2) Bid deadline: February 22, 2016
- (3) Advising interested parties whether bids constitute "qualified bids": No later than two business days after bid deadline

- (4) Determining successful bid and back-up bid (if there is no auction): No later than five business days after bid deadline
- (5) Advising qualified bidders of auction date and location (if applicable): No later than five business days after bid deadline
- (6) Auction (if applicable): No later than seven business days after bid deadline
- (7) Bringing motion for approval: Within five business days following determination by Danier of the successful bid (at auction or otherwise)
- (8) Back-Up bid expiration date: No later than 15 business days after the bid deadline, unless otherwise agreed
- (9) Outside date: No later than 15 business days after the bid deadline

18 The timelines in the SISP have been designed with regard to the seasonal nature of the business and the fact that inventory values will depreciate significantly as the spring season approaches. The timelines also ensure that any purchaser of the business as a going concern has the opportunity to make business decisions well in advance of Danier's busiest season, being fall/winter. These timelines are necessary to generate maximum value for Danier's stakeholders and are sufficient to permit prospective bidders to conduct their due diligence, particularly in light of the fact that is expected that many of the parties who will participate in the SISP also participated in the 2015 solicitation process and were given access to a data room containing non-public information about Danier at that time.

19 Danier does not believe that there is a better viable alternative to the proposed SISP and stalking horse agreement.

20 The use of a sale process that includes a stalking horse agreement maximizes value of a business for the benefit of its stakeholders and enhances the fairness of the sale process. Stalking horse agreements are commonly used in insolvency proceedings to facilitate sales of businesses and assets and are intended to establish a baseline price and transactional structure for any superior bids from interested parties, *CCM Master Qualified Fund Ltd. v. blutip Power Technologies Ltd.*, [2012 ONSC 1750](#) (Ont. S.C.J. [Commercial List]) at para. 7.

21 The Court's power to approve a sale of assets in a proposal proceeding is codified in section 65.13 of the BIA, which sets out a list of non-exhaustive factors for the Court to consider in determining whether to approve a sale of the debtor's assets outside the ordinary course of business. This Court has considered section 65.13 of the BIA when approving a stalking horse sale process under the BIA, *Colossus Minerals Inc., Re*, [2014 CarswellOnt 1517](#) (Ont. S.C.J.) at paras. 22-26.

22 A distinction has been drawn, however, between the approval of a sale process and the approval of an actual sale. Section 65.13 is engaged when the Court determines whether to approve a sale transaction arising as a result of a sale process, it does not necessarily address the factors a court should consider when deciding whether to approve the sale process itself.

23 In *Brainhunter Inc., Re*, the Court considered the criteria to be applied on a motion to approve a stalking horse sale process in a restructuring proceeding under the *Companies' Creditors Arrangement Act*. Citing his decision in *Nortel*, Justice Morawetz (as he then was) confirmed that the following four factors should be considered by the Court in the exercise of its discretion to determine if the proposed sale process should be approved:

- (1) Is a sale transaction warranted at this time?
- (2) Will the sale benefit the whole "economic community"?
- (3) Do any of the debtors' creditors have a bona fide reason to object to a sale of the business?
- (4) Is there a better viable alternative?

Brainhunter Inc., Re, 2009 CarswellOnt 8207 (Ont. S.C.J. [Commercial List]) at paras. 13-17); *Nortel Networks Corp., Re*, 2009 CarswellOnt 4467 (Ont. S.C.J. [Commercial List]) at para. 49.

24 While *Brainhunter* and *Nortel* both dealt with a sale process under the CCAA, the Court has recognized that the CCAA is an analogous restructuring statute to the proposal provisions of the BIA, *Ted Leroy Trucking Ltd., Re*, 2010 SCC 60 (S.C.C.) at para 24; *Indalex Ltd., Re*, [2013] 1 S.C.R. 271 (S.C.C.) at paras. 50-51.

25 Furthermore, in *Mustang*, this Court applied the *Nortel* criteria on a motion to approve a sale process backstopped by a stalking horse bid in a proposal proceeding under the BIA, *Mustang GP Ltd., Re*, 2015 CarswellOnt 16398 (Ont. S.C.J.) at paras. 37-38.

26 These proceedings are premised on the implementation of a sale process using the stalking horse agreement as the minimum bid intended to maximize value and act as a baseline for offers received in the SISP. In the present case, Danier is seeking approval of the stalking horse agreement for purposes of conducting the SISP only.

27 The SISP is warranted at this time for a number of reasons.

28 First, Danier has made reasonable efforts in search of alternate financing or an acquisition transaction and has attempted to restructure its operations and financial affairs

since 2014, all of which has been unsuccessful. At this juncture, Danier has exhausted all of the remedies available to it outside of a Court-supervised sale process. The SISP will result in the most viable alternative for Danier, whether it be a sale of assets or the business (through an auction or otherwise) or an investment in Danier.

29 Second, Danier projects that it will be cash flow negative for the next six months and it is clear that Danier will be unable to borrow under the CIBC loan facility to finance its operations (CIBC gave notice of default upon Danier's filing of the NOI). If the SISP is not implemented in the immediate future, Danier's revenues will continue to decline, it will incur significant costs and the value of the business will erode, thereby decreasing recoveries for Danier's stakeholders.

30 Third, the market for Danier's assets as a going concern will be significantly reduced if the SISP is not implemented at this time because the business is seasonal in nature. Any purchaser of the business as a going concern will need to make decisions about the raw materials it wishes to acquire and the product lines it wishes to carry by March 2016 in order to be sufficiently prepared for the fall/winter season, which has historically been Danier's busiest.

31 Danier and the Proposal Trustee concur that the SISP and the stalking horse agreement will benefit the whole of the economic community. In particular:

- (a) the stalking horse agreement will establish the floor price for Danier's inventory, thereby maximizing recoveries;
- (b) the SISP will subject the assets to a public marketing process and permit higher and better offers to replace the Stalking horse agreement; and
- (c) should the SISP result in a sale transaction for all or substantially all of Danier's assets, this may result in the continuation of employment, the assumption of lease and other obligations and the sale of raw materials and inventory owned by Danier.

32 There have been no expressed creditor concerns with the SISP as such. The SISP is an open and transparent process. Absent the stalking horse agreement, the SISP could potentially result in substantially less consideration for Danier's business and/or assets.

33 Given the indications of value obtained through the 2015 solicitation process, the stalking horse agreement represents the highest and best value to be obtained for Danier's assets at this time, subject to a higher offer being identified through the SISP.

34 Section 65.13 of the BIA is also indirectly relevant to approval of the SISP. In deciding whether to grant authorization for a sale, the court is to consider, among other things:

- (a) whether the process leading to the proposed sale or disposition was reasonable in the circumstances;
- (b) whether the trustee approved the process leading to the proposed sale or disposition;
- (c) whether the trustee filed with the court a report stating that in their opinion the sale or disposition would be more beneficial to the creditors than a sale or disposition under a bankruptcy;
- (d) the extent to which the creditors were consulted;
- (e) the effects of the proposed sale or disposition on the creditors and other interested parties; and
- (f) whether the consideration to be received for the assets is reasonable and fair, taking into account their market value.

35 In the present case, in addition to satisfying the *Nortel* criteria, the SISP will result in a transaction that is at least capable of satisfying the 65.13 criteria. I say this for the following reasons.

36 The SISP is reasonable in the circumstances as it is designed to be flexible and allows parties to submit an offer for some or all of Danier's assets, make an investment in Danier or acquire the business as a going concern. This is all with the goal of improving upon the terms of the stalking horse agreement. The SISP also gives Danier and the Proposal Trustee the right to extend or amend the SISP to better promote a robust sale process.

37 The Proposal Trustee and the financial advisor support the SISP and view it as reasonable and appropriate in the circumstances.

38 The duration of the SISP is reasonable and appropriate in the circumstances having regard to Danier's financial situation, the seasonal nature of its business and the fact that many potentially interested parties are familiar with Danier and its business given their participation in the 2015 solicitation process and/or the stalking horse process.

39 A sale process which allows Danier to be sold as a going concern would likely be more beneficial than a sale under a bankruptcy, which does not allow for the going concern option.

40 Finally, the consideration to be received for the assets under the stalking horse agreement appears at this point, to be *prima facie* fair and reasonable and represents a fair and reasonable benchmark for all other bids in the SISP.

The Break Fee

41 Break fees and expense and costs reimbursements in favour of a stalking horse bidder are frequently approved in insolvency proceedings. Break fees do not merely reflect the cost to the purchaser of putting together the stalking horse bid. A break fee may be the price of stability, and thus some premium over simply providing for out of pocket expenses may be expected, Daniel R. Dowdall & Jane O. Dietrich, "Do Stalking Horses Have a Place in Intra-Canadian Insolvencies", 2005 ANNREVINSOLV 1 at 4.

42 Break fees in the range of 3% and expense reimbursements in the range of 2% have recently been approved by this Court, *Nortel Networks Corp., Re*, [2009] O.J. No. 4293 (Ont. S.C.J. [Commercial List]) at paras. 12 and 26; *W.C. Wood Corp., Re*, [2009] O.J. No. 4808 (Ont. S.C.J. [Commercial List]) at para. 3, where a 4% break fee was approved.

43 The break fee, the expense reimbursement and the signage costs obligations in the stalking horse agreement fall within the range of reasonableness. Collectively, these charges represent approximately 2.5% of the minimum consideration payable under the stalking horse agreement. In addition, if a liquidation proposal (other than the stalking horse agreement) is the successful bid, Danier is not required to pay the signage costs obligations to the Agent. Instead, the successful bidder will be required to buy the signage and advertising material from the Agent at cost.

44 In the exercise of its business judgment, the Board unanimously approved the break fee, the expense reimbursement and the signage costs obligations. The Proposal Trustee and the financial advisor have both reviewed the break fee, the expense reimbursement and the signage costs obligations and concluded that each is appropriate and reasonable in the circumstances. In reaching this conclusion, the Proposal Trustee noted, among other things, that:

- (i) the maximum amount of the break fee, expense reimbursement and signage costs obligations represent, in the aggregate 2.5% of the imputed value of the consideration under the stalking horse agreement, which is within the normal range for transactions of this nature;
- (ii) each stalking horse bidder required a break fee and expense reimbursement as part of their proposal in the stalking horse process;
- (iii) without these protections, a party would have little incentive to act as the stalking horse bidder; and

(iv) the quantum of the break fee, expense reimbursement and signage costs obligations are unlikely to discourage a third party from submitting an offer in the SISP.

45 I find the break fee to be reasonable and appropriate in the circumstances.

Financial Advisor Success Fee and Charge

46 Danier is seeking a charge in the amount of US\$500,000 to cover its principal financial advisor's (Concensus) maximum success fees payable under its engagement letter. The Consensus Charge would rank behind the existing security, *pari passu* with the Administration Charge and ahead of the D&O Charge and KERP Charge.

47 Orders approving agreements with financial advisors have frequently been made in insolvency proceedings, including CCAA proceedings and proposal proceedings under the BIA. In determining whether to approve such agreements and the fees payable thereunder, courts have considered the following factors, among others:

- (a) whether the debtor and the court officer overseeing the proceedings believe that the quantum and nature of the remuneration are fair and reasonable;
- (b) whether the financial advisor has industry experience and/or familiarity with the business of the debtor; and
- (c) whether the success fee is necessary to incentivize the financial advisor.

Sino-Forest Corp., Re, 2012 ONSC 2063 (Ont. S.C.J. [Commercial List]) at paras. 46-47; *Colossus Minerals Inc., Re*, *supra*.

48 The SISP contemplates that the financial advisor will continue to be intimately involved in administering the SISP.

49 The financial advisor has considerable experience working with distressed companies in the retail sector that are in the process of restructuring, including seeking strategic partners and/or selling their assets. In the present case, the financial advisor has assisted Danier in its restructuring efforts to date and has gained a thorough and intimate understanding of the business. The continued involvement of the financial advisor is essential to the completion of a successful transaction under the SISP and to ensuring a wide-ranging canvass of prospective bidders and investors.

50 In light of the foregoing, Danier and the Proposal Trustee are in support of incentivizing the financial advisor to carry out the SISP and are of the view that the quantum and nature

of the remuneration provided for in the financial advisor's engagement letter are reasonable in the circumstances and will incentivize the Financial advisor.

51 Danier has also engaged OCI to help implement the SISP in certain international markets in the belief that OCI has expertise that warrants this engagement. OCI may be able to identify a purchaser or strategic investor in overseas markets which would result in a more competitive sales process. OCI will only be compensated if a transaction is originated by OCI or OCI introduces the ultimate purchaser and/or investor to Danier.

52 Danier and the Proposal Trustee believe that the quantum and nature of the success fee payable under the OCI engagement letter is reasonable in the circumstances. Specifically, because the fees payable to OCI are dependent on the success of transaction or purchaser or investor originated by OCI, the approval of this fee is necessary to incentivize OCI.

53 Accordingly, an order approving the financial advisor and OCI engagement letters is appropriate.

54 A charge ensuring payment of the success fee is also appropriate in the circumstances, as noted below.

Administration Charge

55 In order to protect the fees and expenses of each of the Proposal Trustee, its counsel, counsel to Danier, the directors of Danier and their counsel, Danier seeks a charge on its property and assets in the amount of \$600,000. The Administration Charge would rank behind the existing security, *pari passu* with the Consensus Charge and ahead of the D&O Charge and KERP Charge. It is supported by the Proposal Trustee.

56 Section 64.2 of the BIA confers on the Court the authority to grant a charge in favour of financial, legal or other professionals involved in proposal proceedings under the BIA.

57 Administration and financial advisor charges have been previously approved in insolvency proposal proceedings, where, as in the present case, the participation of the parties whose fees are secured by the charge is necessary to ensure a successful proceeding under the BIA and for the conduct of a sale process, *Colossus Minerals Inc., Re*, 2014 CarswellOnt 1517 (Ont. S.C.J.) at paras. 11-15.

58 This is an appropriate circumstance for the Court to grant the Administration Charge. The quantum of the proposed Administration Charge is fair and reasonable given the nature of the SISP. Each of the parties whose fees are to be secured by the Administration Charge has played (and will continue to play) a critical role in these proposal proceedings and in the SI. The Administration Charge is necessary to secure the full and complete payment of these

fees. Finally, the Administration Charge will be subordinate to the existing security and does not prejudice any known secured creditor of Danier.

D&O Charge

59 The directors and officers have been actively involved in the attempts to address Danier's financial circumstances, including through exploring strategic alternatives, implementing a turnaround plan, devising the SISP and the commencement of these proceedings. The directors and officers are not prepared to remain in office without certainty with respect to coverage for potential personal liability if they continue in their current capacities.

60 Danier maintains directors and officers insurance with various insurers. There are exclusions in the event there is a change in risk and there is potential for there to be insufficient funds to cover the scope of obligations for which the directors and officers may be found personally liable (especially given the significant size of the Danier workforce).

61 Danier has agreed, subject to certain exceptions, to indemnify the directors and officers to the extent that the insurance coverage is insufficient. Danier does not anticipate it will have sufficient funds to satisfy those indemnities if they were ever called upon.

62 Danier seeks approval of a priority charge to indemnify its directors and officers for obligations and liabilities they may incur in such capacities from and after the filing of the NOI. It is proposed that the D&O Charge be in an amount not to exceed \$4.9 million and rank behind the existing security, the Administration Charge and the Consensus Charge but ahead of the KERP Charge.

63 The amount of the D&O Charge is based on payroll obligations, vacation pay obligations, employee source deduction obligations and sales tax obligations that may arise during these proposal proceedings. It is expected that all of these amounts will be paid in the normal course as Danier expects to have sufficient funds to pay these amounts. Accordingly, it is unlikely that the D&O charge will be called upon.

64 The Court has the authority to grant a directors' and officers' charge under section 64.1 of the BIA.

65 In *Colossus Minerals* and *Mustang*, *supra*, this Court approved a directors' and officers' charge in circumstances similar to the present case where there was uncertainty that the existing insurance was sufficient to cover all potential claims, the directors and officers would not continue to provide their services without the protection of the charge and the continued involvement of the directors and officers was critical to a successful sales process under the BIA.

66 I approve the D&O Charge for the following reasons.

67 The D&O Charge will only apply to the extent that the directors and officers do not have coverage under the existing policy or Danier is unable to satisfy its indemnity obligations.

68 The directors and officers of Danier have indicated they will not continue their involvement with Danier without the protection of the D&O Charge yet their continued involvement is critical to the successful implementation of the SISP.

69 The D&O Charge applies only to claims or liabilities that the directors and officers may incur after the date of the NOI and does not cover misconduct or gross negligence.

70 The Proposal Trustee supports the D&O Charge, indicating that the D&O Charge is reasonable in the circumstances.

71 Finally, the amount of the D&O Charge takes into account a number of statutory obligations for which directors and officers are liable if Danier fails to meet these obligations. However, it is expected that all of these amounts will be paid in the normal course. Danier expects to have sufficient funds to pay these amounts. Accordingly, it is unlikely that the D&O charge will be called upon.

Key Employee Retention Plan and Charge

72 Danier developed a key employee retention plan (the "KERP") that applies to 11 of Danier's employees, an executive of Danier and Danier's consultant, all of whom have been determined to be critical to ensuring a successful sale or investment transaction. The KERP was reviewed and approved by the Board.

73 Under the KERP, the key employees will be eligible to receive a retention payment if these employees remain actively employed with Danier until the earlier of the completion of the SISP, the date upon which the liquidation of Danier's inventory is complete, the date upon which Danier ceases to carry on business, or the effective date that Danier terminates the services of these employees.

74 Danier is requesting approval of the KERP and a charge for up to \$524,000 (the "KERP Charge") to secure the amounts payable thereunder. The KERP Charge will rank in priority to all claims and encumbrances other than the existing security, the Administration Charge, the Consensus Charge and the D&O Charge.

75 Key employee retention plans are approved in insolvency proceedings where the continued employment of key employees is deemed critical to restructuring efforts, *Nortel Networks Corp., Re supra*.

76 In *Grant Forest Products Inc., Re*, Newbould J. set out a non-exhaustive list of factors that the court should consider in determining whether to approve a key employee retention plan, including the following:

- (a) whether the court appointed officer supports the retention plan;
- (b) whether the key employees who are the subject of the retention plan are likely to pursue other employment opportunities absent the approval of the retention plan;
- (c) whether the employees who are the subject of the retention plan are truly "key employees" whose continued employment is critical to the successful restructuring of Danier;
- (d) whether the quantum of the proposed retention payments is reasonable; and
- (e) the business judgment of the board of directors regarding the necessity of the retention payments.

Grant Forest Products Inc., Re, [2009] O.J. No. 3344 (Ont. S.C.J. [Commercial List]) at paras. 8-22.

77 While *Grant Forest Products Inc., Re* involved a proceeding under the CCAA, key employee retention plans have frequently been approved in proposal proceedings under the BIA, see, for example, *In the Matter of the Notice of Intention of Starfield Resources Inc.*, Court File No. CV-13-10034-00CL, Order dated March 15, 2013 at para. 10.

78 The KERP and the KERP Charge are approved for the following reasons:

- (i) the Proposal Trustee supports the granting of the KERP and the KERP Charge;
- (ii) absent approval of the KERP and the KERP Charge, the key employees who are the subject of the KERP will have no incentive to remain with Danier throughout the SISP and are therefore likely to pursue other employment opportunities;
- (iii) Danier has determined that the employees who are the subject of the KERP are critical to the implementation of the SISP and a completion of a successful sale or investment transaction in respect of Danier;
- (iv) the Proposal Trustee is of the view that the KERP and the quantum of the proposed retention payments is reasonable and that the KERP Charge will provide security for the individuals entitled to the KERP, which will add stability to the business during these proceedings and will assist in maximizing realizations; and

(v) the KERP was reviewed and approved by the Board.

Sealing Order

79 There are two documents which are sought to be sealed: 1) the details about the KERP; and 2) the stalking horse offer summary.

80 Section 137(2) of the *Courts of Justice Act* provides the court with discretion to order that any document filed in a civil proceeding can be treated as confidential, sealed, and not form part of the public record.

81 In *Sierra Club of Canada v. Canada (Minister of Finance)*, the Supreme Court of Canada held that courts should exercise their discretion to grant sealing orders where:

(1) the order is necessary to prevent a serious risk to an important interest, including a commercial interest, because reasonable alternative measures will not prevent the risk; and

(2) the salutary effects of the order outweigh its deleterious effects, including the effects on the right of free expression, which includes the public interest in open and accessible court proceedings.

[2002] S.C.J. No. 42 (S.C.C.) at para. 53.

82 In the insolvency context, courts have applied this test and authorized sealing orders over confidential or commercially sensitive documents to protect the interests of debtors and other stakeholders, *Stelco Inc., Re*, [2006] O.J. No. 275 (Ont. S.C.J. [Commercial List]) at paras. 2-5; *Nortel Networks Corp., Re, supra*.

83 It would be detrimental to the operations of Danier to disclose the identity of the individuals who will be receiving the KERP payments as this may result in other employees requesting such payments or feeling underappreciated. Further, the KERP evidence involves matters of a private, personal nature.

84 The offer summary contains highly sensitive commercial information about Danier, the business and what some parties, confidentially, were willing to bid for Danier's assets. Disclosure of this information could undermine the integrity of the SISP. The disclosure of the offer summary prior to the completion of a final transaction under the SISP would pose a serious risk to the SISP in the event that the transaction does not close. Disclosure prior to the completion of a SISP would jeopardize value-maximizing dealings with any future prospective purchasers or liquidators of Danier's assets. There is a public interest in maximizing recovery in an insolvency that goes beyond each individual case.

85 The sealing order is necessary to protect the important commercial interests of Danier and other stakeholders. This salutary effect greatly outweighs the deleterious effects of not sealing the KERPs and the offer summary, namely the lack of immediate public access to a limited number of documents filed in these proceedings.

86 As a result, the *Sierra Club* test for a sealing order has been met. The material about the KERP and the offer summary shall not form part of the public record pending completion of these proposal proceedings.

Order accordingly.
