# FOURTH REPORT OF KSV KOFMAN INC. AS RECEIVER AND MANAGER

#### **APRIL 1, 2019**

#### 1. Introduction

- 1. On November 19, 2018, Bridging Finance Inc., as agent (the "Agent") for 2665405 Ontario Inc. (the "Lender"), made an application to the Ontario Superior Court of Justice (Commercial List) (the "Court") for, *inter alia*, the appointment of KSV Kofman Inc. ("KSV") as receiver and manager of:
  - a. all the assets, undertaking and property of 1033803 Ontario Inc., operating as Forma-Con Construction and Forma Finishing ("Forma Con"), including the real property municipally known as 3420 Queen Street East, Brampton and 407 Basaltic Road, Concord (the "Head Office");
  - b. all the assets, undertaking and property of 1087507 Ontario Limited, including the real property municipally known as 4431 Stouffville Road, Stouffville;
  - c. certain assets of Bondfield Construction Company Limited ("BCCL") and Bondfield Construction Equipment Ltd. (the "Forma Con Related Assets"); and
  - d. the real property municipally known as 131 Saramia Crescent, Vaughan (collectively, the "Receivership Property").
- 2. The Court granted the relief sought by the Agent on the return of the receivership application and KSV was appointed receiver (the "Receiver") at that time.

### 2. The Receivership Agreements

- 1. On November 19, 2018, in order to facilitate the orderly conduct of the receivership proceedings and the operation of the business not subject to the receivership proceedings:
  - a. the Agent, BCCL, Zurich Insurance Company Ltd. ("Zurich"), the bonding company for the majority of Forma Con's and BCCL's bonded projects, entered into the Bondfield Restructuring Agreement (the "Restructuring Agreement"); and
  - b. the Agent and Zurich executed an Intercreditor and Cooperation Agreement (the "ICA"), which is an appendix to the Restructuring Agreement. A copy of the Restructuring Agreement, including the ICA, is attached as Appendix "A".
- 2. The ICA deals with, *inter alia*:
  - a. how certain project funds are to be distributed between Zurich and the Agent;
  - b. the rental during the receivership by BCCL of the Head Office and certain equipment used in BCCL's business which is subject to the Agent's security or was sold by the Receiver to GF Equipment Corp. (the "Purchaser"), in accordance with an order of the Court dated December 13, 2018 (the "Transaction"); and
  - c. the process to review the accounting for BCCL's projects, which is to be reviewed by the Receiver and Ernst & Young Inc. ("E&Y"), in its capacity as advisor to Zurich.
- 3. The Receiver understands that certain conditions to the effectiveness of the ICA have not been satisfied such that it is not in force between the parties thereto. Notwithstanding this, the Receiver has, on a without prejudice basis, leased the Head Office and equipment to BCCL on the terms contemplated by the ICA and the Receiver and E&Y have continued to cooperate as to accounting and other issues related to the ICA.
- 4. The Transaction closed on December 14, 2018. Under the terms of the Transaction, the Receiver leases certain Forma Con Related Assets from the Purchaser, which the Receiver, in turn, leases to BCCL on the terms contemplated by the ICA.
- 5. On February 25, 2019, the Receiver was authorized to conduct a sale process for the Head Office.

### 3. The CCAA Proceedings and the CCAA Filing Agreement

- 1. On March 5, 2019, BCCL, 352021 Ontario Limited, 950504 Ontario Inc., 2433485 Ontario Inc., and 2433486 Ontario Inc. (collectively, the "CCAA Applicants") brought an application seeking protection under the *Companies' Creditors Arrangement Act* (the "CCAA"). E&Y is the proposed monitor in the CCAA proceedings (the "Proposed Monitor"). The Agent opposed the CCAA application and indicated it intended to bring a competing receivership application. The CCAA application has been adjourned several times to provide stakeholders time to negotiate an agreement regarding a potential consensual CCAA filing.
- 2. On March 15, 2019, the CCAA Applicants, the Agent, Zurich, Travelers Guarantee Company of Canada, the Proposed Monitor and the Receiver entered into the Agreement regarding a Bondfield CCAA Filing (the "CCAA Filing Agreement"). The Receiver understands that redacted and unredacted copies of the CCAA Filing Agreement will be filed by the Proposed Monitor in the CCAA Proceedings. The Receiver understands that the Proposed Monitor will also provide the rationale in its report to Court as to why a sealing order is required.
- 3. A summary of the material provisions of the CCAA Filing Agreement that affect the receivership proceedings is provided below.<sup>1</sup>
  - a. Reimbursement and Rental Payments: the CCAA Applicants will continue to reimburse the Receiver for equipment rental on the same financial terms agreed under the ICA, provided that: (i) reconciliations shall be performed on a monthly basis; (ii) amounts payable by the CCAA Applicants for a given month shall be paid within seven days of the date the invoice is issued by the Receiver; and (iii) the CCAA Applicants will provide a \$150,000 deposit to the Receiver to secure their reimbursement and equipment rental obligations under the CCAA Filing Agreement.

Any disputes between the Receiver and the Proposed Monitor regarding the amount payable by the CCAA Applicants to the Receiver for a given month shall be promptly resolved through good faith discussions. In the event such discussions fail to resolve the dispute within ten days from their commencement, either the Receiver or the Proposed Monitor may bring a joint motion in the receivership and the CCAA proceedings to resolve such dispute.

There is presently an amount of \$332,916.87 owing by the CCAA Applicants to the Receiver for the period ending March 10, 2019. This amount is to be paid as a critical vendor payment to the Receiver immediately upon the granting of the Initial Order. Any reimbursement and rental obligations owing by the CCAA Applicants to the Receiver for the period between March 11, 2019 and the date of the Initial Order shall also be payable as a critical vendor payment upon performance of the next reconciliation.

\_

<sup>&</sup>lt;sup>1</sup> This section is not a summary of the full CCAA Filing Agreement. It is a summary of those issues that directly affect the receivership proceedings.

- b. Lease of Forma Con Related Assets to the CCAA Applicants: the CCAA Applicants will pay the monthly rental rates charged by the Purchaser to the Receiver for the two cranes leased from the Purchaser in the possession of the CCAA Applicants. The CCAA Applicants will pay to dismantle and return these cranes to the Purchaser.
- c. **Obsolete Assets:** the Receiver and Proposed Monitor will determine assets that constitute Obsolete Assets, as that term is defined in paragraph 13(ii) of the CCAA Agreement. The Receiver will liquidate any such Obsolete Collateral in a commercially reasonable fashion. The Receiver does not believe that realizations on these assets will be material
- d. Head Office: BCCL, as lessee, and the Receiver, as lessor, will enter a lease in respect of the Head Office (the "Lease"). Financial terms of the lease will be consistent with the ICA. The term of Lease shall expire on March 31, 2020. (As noted above, the Receiver is presently marketing the Head Office for sale pursuant to a Court-approved sale process.). The Receiver believes that entering into the Lease will assist in the sale process for the Head Office by providing certainty around BCCL's occupancy period and otherwise formalizing the terms of its occupation of the Head Office. At the time the Report was issued, the Receiver and the Proposed Monitor had not finalized the Lease. On the return of this motion, the Receiver will provide a copy of the Lease to the Court should it wish to have a copy.
- e. **Release of Claims:** Pursuant to the Initial Order to be granted in the CCAA proceedings, each of the CCAA Applicants, the Proposed Monitor and the creditors of the CCAA Applicants releases any claim to the Receivership Property (including the Obsolete Assets), including any proceeds thereof that have been distributed to the Agent to date. The Receiver believes this is appropriate as the Receiver's counsel, Torys LLP, previously provided the Receiver with an opinion confirming the validity of the Agent's security, subject to the standard assumptions and qualifications. A copy of the opinion can be made available to the Court on its request.
- f. **Axis Project:** the Receiver will deliver an irrevocable direction to the Proposed Monitor directing Church/Wood Residences Limited Partnership, the owner of the Forma Con Axis project (the "Axis Project"), to pay directly to Zurich, the bonding company on the project, all amounts now, or in the future, due or payable to Forma-Con under the project contract. The Receiver believes this to be appropriate as the terms of the ICA entitled Zurich to these funds. Once the direction is delivered to the Monitor, the Receiver shall have no further obligations with respect to the Axis Project in its personal or Court appointed capacity.
- g. **ICA:** will be terminated and with no further force or effect.

#### 4. Conclusion and Recommendation

The Receiver believes that the CCAA Filing Agreement will achieve the consensual CCAA filing that was the purpose of the adjournments described above and will facilitate the orderly coordination of the CCAA and receivership proceedings and otherwise facilitate the completion of the receivership proceeding. Accordingly, the Receiver recommends that the Court issue an order authorizing and directing the Receiver to enter into the CCAA Filing Agreement.

- 6. THIS COURT ORDERS that if any Records are stored or otherwise contained on a computer or other electronic system of information storage, whether by independent service provider or otherwise, all Persons in possession or control of such Records shall forthwith give unfettered access to the Receiver for the purpose of allowing the Receiver to recover and fully copy all of the information contained therein whether by way of printing the information onto paper or making copies of computer disks or such other manner of retrieving and copying the information as the Receiver in its discretion deems expedient, and shall not alter, erase or destroy any Records without the prior written consent of the Receiver. 10. **THIS COURT ORDERS** that all rights and remedies against the Debtors, the Receiver, or affecting the Property, are hereby stayed and suspended except with the written consent of the Receiver or leave of this Court, provided however that this stay and suspension does not apply in respect of any "eligible financial contract" as defined in the BIA, and further provided that nothing in this paragraph shall (i) empower the Receiver or the Debtors to carry on any business which the Debtors are not lawfully entitled to carry on, (ii) exempt the Receiver or the Debtors from compliance with statutory or regulatory provisions relating to health, safety or the environment, (iii) prevent the filing of any registration to preserve or perfect a security interest, or (iv) prevent the registration of a claim for lien.

#### NO INTERFERENCE WITH THE RECEIVER

11. **THIS COURT ORDERS** that no Person shall discontinue, fail to honour, alter, interfere with, repudiate, terminate or cease to perform any right, renewal right, contract, agreement, licence or permit in favour of or held by any of the Debtors, without written consent of the Receiver or leave of this Court.

#### CONTINUATION OF SERVICES

12. **THIS COURT ORDERS** that all Persons having oral or written agreements with the Debtors or in respect of the Property or statutory or regulatory mandates for the supply of goods and/or services, including without limitation, all computer software, communication and other data services, centralized banking services, payroll services, insurance, transportation services, utility or other services to the Debtors or in respect of the Property are hereby restrained until further Order of this Court from discontinuing, altering, interfering with or terminating the supply of such goods or services as may be required by the Receiver, and that the Receiver shall be entitled to the continued use of the Debtors' current telephone numbers, facsimile numbers, internet addresses and domain names, provided in each case that the normal prices or charges for all such goods or services received after the date of this Order are paid by the Receiver in accordance with normal payment practices of the Debtors or such other practices as may be agreed upon by the supplier or service provider and the Receiver, or as may be ordered by this Court.

#### RECEIVER TO HOLD FUNDS

13. **THIS COURT ORDERS** that all funds, monies, cheques, instruments, and other forms of payments received or collected by the Receiver from and after the making of this Order from any source whatsoever, including without limitation the sale of all or any of the Property and the collection of any accounts receivable in whole or in part, whether in existence on the date of this Order or hereafter coming into existence, shall be deposited into one or more new accounts to be opened by the Receiver (the "**Post Receivership Accounts**") and the monies standing to the credit of such Post Receivership Accounts from time to time, net of any disbursements provided for herein, shall be held by the Receiver to be paid in accordance with the terms of this Order or any further Order of this Court.

#### **EMPLOYEES**

14. **THIS COURT ORDERS** that all employees of the Debtors shall remain the employees of the Debtors until such time as the Receiver, on a Debtor's behalf, may terminate the employment of such employees. The Receiver shall not be liable for any employee-related liabilities, including any successor employer liabilities as provided for in section 14.06(1.2) of the BIA, other than such

amounts as the Receiver may specifically agree in writing to pay, or in respect of its obligations under sections 81.4(5) or 81.6(3) of the BIA or under the *Wage Earner Protection Program Act*.

#### **PIPEDA**

15. **THIS COURT ORDERS that**, pursuant to clause 7(3)(c) of the Canada *Personal Information Protection and Electronic Documents Act*, the Receiver shall disclose personal information of identifiable individuals to prospective purchasers or bidders for the Property and to their advisors, but only to the extent desirable or required to negotiate and attempt to complete one or more sales of the Property (each, a "Sale"). Each prospective purchaser or bidder to whom such personal information is disclosed shall maintain and protect the privacy of such information and limit the use of such information to its evaluation of the Sale, and if it does not complete a Sale, shall return all such information to the Receiver, or in the alternative destroy all such information. The purchaser of any Property shall be entitled to continue to use the personal information provided to it, and related to the Property purchased, in a manner which is in all material respects identical to the prior use of such information by the Debtors, and shall return all other personal information to the Receiver, or ensure that all other personal information is destroyed.

#### LIMITATION ON ENVIRONMENTAL LIABILITIES

16. **THIS COURT ORDERS** that nothing herein contained shall require the Receiver to occupy or to take control, care, charge, possession or management (separately and/or collectively, "**Possession**") of any of the Property that might be environmentally contaminated, might be a pollutant or a contaminant, or might cause or contribute to a spill, discharge, release or deposit of a substance contrary to any federal, provincial or other law respecting the protection, conservation, enhancement, remediation or rehabilitation of the environment or relating to the disposal of waste or other contamination including, without limitation, the *Canadian Environmental Protection Act*, the Ontario *Environmental Protection Act*, the *Ontario Water Resources Act*, or the Ontario *Occupational Health and Safety Act* and regulations thereunder (the "**Environmental Legislation**"), provided however that nothing herein shall exempt the Receiver from any duty to report or make disclosure imposed by applicable Environmental Legislation. The Receiver shall not, as a result of this Order or anything done in pursuance of the Receiver's duties and powers under this Order, be

deemed to be in Possession of any of the Property within the meaning of any Environmental Legislation, unless it is actually in possession.

#### LIMITATION ON THE RECEIVER'S LIABILITY

17. **THIS COURT ORDERS** that the Receiver shall incur no liability or obligation as a result of its appointment or the carrying out the provisions of this Order, save and except for any gross negligence or wilful misconduct on its part, or in respect of its obligations under sections 81.4(5) or 81.6(3) of the BIA or under the *Wage Earner Protection Program Act*. Nothing in this Order shall derogate from the protections afforded the Receiver by section 14.06 of the BIA or by any other applicable legislation.

"Surety Loss" means the total amount of payments made by Zurich under any Bonds related to a Contract. Without limiting the generality of the foregoing, Surety Loss includes any Contract Costs paid by Zurich pursuant to a Bond, it being understood that Zurich is not entitled to double recovery for a payment as both Surety Loss and Contract Costs.

"Zurich Indebtedness" means all indebtedness, liabilities and obligations of Bondfield to Zurich.

### 2. <u>ACCOUNTS</u>

- 2.1 All Contract Funds shall be deposited into a bank account to be established in the name of Bondfield (the "**Project Account**") which account shall be designated a trust account. The Project Account shall be used exclusively for the deposit of Contract Funds and the disbursement of the Contract Costs and any Surplus. All Contract Funds deposited into the Project Account and all Contract Costs, Surety Loss and Surplus disbursed from the Project Account shall be separately accounted for by Bondfield on a Contract by Contract basis.
- 2.2 It is the intention of the Parties that: (i) each Contract shall be accounted for separately and a Surplus or Shortfall calculated for each Contact from time to time and upon its completion; and (ii) there shall be no ability for Zurich to set-off or otherwise utilize a Surplus from one Contract to reduce a Shortfall on another Contract.
- 2.3 Solely as a matter of convenience to assist in managing the cash-flow of Bondfield and subject to the provisions of this Section 2.3 and Section 2.4, Contract Funds with respect to a particular Contract may be used on an interim basis to satisfy Contract Costs of another Contract provided that a reconciliation of all Contracts ("Reconciliation") will be performed by Bondfield on a weekly basis and the actual Surplus or Shortfall for each Contract recorded on an ongoing basis. Reconciliations for a given week will be completed by Bondfield by no later than the Friday of the next following week. Upon completion, each Reconciliation will be provided by Bondfield to Bridging and Zurich (including their respective Advisors) for their approval in writing, such approval (absent disagreement) to be provided within ten (10) days of receipt of the Reconciliation.
- 2.4 Within ninety days from substantial performance (as such term is used in the *Construction Act*) of a Contract:
  - (a) the Surplus or Shortfall for such Contract shall be calculated and, in the event of a Surplus, an amount equal to the Surplus ("**Surplus Funds**") shall be paid to Bridging (or as Bridging may direct in writing) from the Project Account; and

- (b) to the extent there are insufficient funds in the Project Account to satisfy the payment contemplated by the foregoing Section 2.4(a), Zurich shall pay an amount to Bridging equal to the Surplus for such Contract less the amount transferred from the Project Account on account of such Surplus pursuant to the foregoing Section 2.4(a) provided that the cause of the insufficient funds is as a result of the use of the Contract Funds as contemplated in Section 2.3.
- 2.5 To the extent that Zurich incurs any additional Contract Costs or Surety Loss with respect to a Contract after a Surplus for such Contract has been paid to Bridging, Bridging agrees that it will reimburse Zurich for such Contract Costs or Surety Loss (up to a maximum of the Surplus amount for such Contract received by Bridging) within 30 days of written demand by Zurich, which demand shall provide reasonable detail in respect of such additional Contract Costs or Surety Loss. For the avoidance of doubt, in no event shall Bridging's obligation to reimburse Zurich for additional Contract Costs or Surety Losses with respect to a Contract exceed the Surplus for such Contract paid to Bridging.

# 3. <u>APPLICATION OF CONTRACT FUNDS, SURPLUS FUNDS AND PROCEEDS</u>

### 3.1 **Application of Contract Funds**

All Contract Funds with respect to a given Contract will be applied and distributed, without duplication, as follows:

- (a) first, towards payment of amounts due to contractors, subcontractors and suppliers of services and/or materials (including past due amounts paid by Zurich pursuant to the Bonds) rendered in respect of such Contract (including, for the avoidance of doubt, to any Bondfield affiliates or former affiliates that are subcontractors or suppliers of services and/or materials in respect of a Contract) consistent with the trust provisions of the *Construction Act*;
- (b) second, to Bondfield, to fund its day to day operating expenses with respect to such Contract in such amounts determined necessary and as approved by Zurich and Bridging, each acting reasonably, and consistent with the protocol described on Schedule "B" hereto ((a) and (b) collectively, "Contract Costs");
- (c) third, in satisfaction of the Surety Loss for such Contract (but excluding any amounts already paid pursuant to Section 3.1(a) hereof); and
- (d) fourth, in satisfaction of the Surplus for such Contract as contemplated by Section 2.4 hereof.

For the avoidance of doubt:

- (i) The Parties agree that all Contract Funds are trust funds under the *Construction Act* until the trust obligations under the *Construction Act* are satisfied:
- (ii) Bridging shall be solely responsible for all costs and expenses related to any Bondfield unbonded contracts (it being understood and agreed that Bridging shall not have any obligation to fund such costs and expenses);
- (iii) Surplus Funds with respect to a particular Contract may not be used to reduce any Shortfall in respect of another Contract except with the written consent of each of Zurich and Bridging in their respective sole discretion; and
- (iv) the fees and expenses of FAAN Advisors Group Inc. and of any legal, financial or construction advisor retained by Bridging (including Goodmans LLP and KSV Advisory Inc.) (the "Bridging Advisors") or Zurich (including Borden Ladner Gervais LLP, Ernst & Young Inc., BBCG, Vertex, Perini and JS Held (the "Zurich Advisors" and collectively with the Bridging Advisors, the "Advisors") shall not constitute Contract Costs or Surety Loss.

### 3.2 Application of Surplus Funds and other Proceeds

All Surplus Funds and Proceeds will be applied and distributed, without duplication, as follows:

- (a) Surplus Funds will be applied as follows:
  - (i) first, to Bridging in respect of the Bridging Indebtedness until repaid in full;
  - (ii) second, from and after repayment of the Bridging Indebtedness in full, to Zurich in respect of the Zurich Indebtedness until repaid in full; and
  - (iii) third, the balance, if any, to Bondfield, subject to applicable law.
- (b) Proceeds in respect of Obsolete Assets will be applied as follows:
  - (i) first, to Bridging in respect of the Bridging Indebtedness until repaid in full;
  - (ii) second, from and after repayment of the Bridging Indebtedness in full, to Zurich in respect of the Zurich Indebtedness until repaid in full; and
  - (iii) third, the balance, if any, to Bondfield, subject to applicable law.

- (c) Proceeds in respect of any other Collateral other than Surplus Funds and Obsolete Assets will be applied as follows:
  - (i) first, to Bridging in respect of the Bridging Indebtedness until repaid in full;
  - (ii) second, from and after repayment of the Bridging Indebtedness in full, to Zurich in respect of the Zurich Indebtedness until repaid in full; and
  - (iii) third, the balance, if any, to Bondfield, subject to applicable law.
- (d) For the avoidance of doubt, each of Bridging and Zurich shall be entitled to recover the fees and expenses of their respective Advisors pursuant to this Section 3.2 as part of the Bridging Indebtedness and the Zurich Indebtedness, respectively.

### 4. <u>CO-OPERATION AND COST-SHARING ARRANGEMENTS</u>

Bridging and Zurich have agreed on the cooperation and cost sharing arrangements set out on Schedule "B" hereto.

Bridging and Zurich have agreed on the operational arrangements set out on Schedule "C" hereto

### 5. <u>ENFORCEMENT</u>

Neither Bridging nor Zurich shall take any step to enforce its security in respect of Bondfield, a Contract or Collateral required for completion of a Contract (as agreed between Bridging and Zurich, each acting reasonably) until the earlier of: (i) 365 days from the execution date of this Agreement; and (ii) the occurrence of an Enforcement Event, it being understood and agreed that upon the occurrence of an Enforcement Event, Bridging shall only be entitled to enforce its security against the Bondfield entity or entities or applicable Collateral that are the subject of such Enforcement Event. Nothing in this Agreement shall preclude Bridging from taking steps to enforce its security in respect of any other Collateral. For the avoidance of doubt, nothing herein shall preclude Bridging from enforcing its security in respect of 1033803 Ontario Inc., 1087507 Ontario Limited or the property municipally known as 131 Saramia Crescent, Vaughan, Ontario.

### 6. <u>LITIGATION</u>

The Parties intend to continue to evaluate the affirmative claims of Bondfield on the Contracts. During the evaluation period, to the extent the Parties desire Bondfield to pursue an affirmative claim they shall jointly fund the costs of pursuing such claim on a 50/50 basis including any past due legal (for lawyers whose retainers are continued) and consulting accounts. Notwithstanding Section 3.1, any recovery on an affirmative claim shall first be used to reimburse Bridging and Zurich for all litigation costs (legal and expert fees and expenses and any other third party costs associated with the litigation) associated

with recovering an amount related to the affirmative claim. The Parties agree on the following process to evaluate the affirmative claims:

- I. Bridging shall have 120 days from the date hereof to evaluate Bondfield's affirmative claims on a project by project basis and reserves the right to assert the Claims Proceed Position (as defined below).
- II. Zurich will share with Bridging its consultant's preliminary review of Bondfield's claims related to the Fairfield, Kipling Acres, Laurentian, Sheridan, and York projects and any other claim evaluated by Zurich under a common interest privilege agreement ("CIPA").
- III. Bridging will share with Zurich Goodmans' and its consultant's (if one is retained) preliminary review of Bondfield's claims evaluated by Bridging under a CIPA.
- IV. Within the 120 day evaluation period, Bridging will advise Zurich whether it will take the position that any litigation proceeds on account of an affirmative claim will be claimed by Bridging in priority to Contract Costs and Surety Loss (the "Claims Proceeds Position").
- V. If Bridging advises Zurich that it will not advance the Claim Proceeds Position with respect to an affirmative claim such that any litigation proceeds from such affirmative claim will be paid in accordance with Section 3.1(a) through (d) after litigation costs of Bridging and Zurich are reimbursed, Zurich shall continue to fund 50% of the costs of litigation relating to that affirmative claim if Bridging commits to funding 50% of the costs of litigation relating to that affirmative claim.
- VI. If Bridging advises Zurich it will be advancing the Claim Proceeds Position with respect to an affirmative claim, Zurich may elect to cease funding the litigation related to such affirmative claim. Further, if Bridging advises Zurich it will be advancing the Claim Proceeds Position, Zurich reserves its rights to argue against the Claims Proceeds Position, even if it agrees to share in the costs to fund the litigation relating to such affirmative claim. The Parties agree that, notwithstanding any other provision hereof, Bridging shall have no obligation to fund any litigation related to any affirmative claim except as it agrees to in its sole discretion.

### 7. ENTIRE AGREEMENT

Each of the Parties irrevocably submits and attorns to the non-exclusive jurisdiction of the Ontario Superior Court of Justice (Commercial List) to determine all issues, whether at law or in equity, arising from this Agreement unless the issue in dispute is already before another Court prior to August 8, 2018, which other Court shall continue to have jurisdiction to deal with the matter.

# **Cost Sharing and Cooperation**

### **Process for Cash Flow and Disbursement Review**

The principal purpose of this document is to describe how disbursements will be reviewed and allocated among the projects in order to calculate potential "surplus".

This document is for accounting purposes only.

Certain concepts in this document are only relevant until November 19, 2018, being the proposed receivership date of 1033083 Ontario Inc. (o/a Forma Con and Forma Finishing) ("Forma Con").

This document will not require KSV Kofman Inc. ("KSV"), in its capacity as proposed court-appointed receiver and manager (the "Receiver") of Forma Con to fund any disbursements set out in this document. The Receiver will not pay for any expenses unless it authorizes the payment of those expenses in advance.

Neither E&Y, KSV nor FAAN shall have any personal or corporate liability in connection with this document and it is acknowledged that after November 19, 2018, KSV shall be the Receiver.

Nothing in this document shall obligate the Receiver to pay any pre-filing obligations of Forma Con.

### A. Disbursements

### **Regular Disbursements**

Bondfield will provide a list of proposed disbursements to EY and KSV as required, organized on a project by project basis.

The proposed disbursements list will be provided with all the relevant documentation to support each disbursement for review by EY and KSV. Unless related to general overhead, the documentation must include sufficient support so that it can be confirmed which payments relate to bonded vs non-bonded projects.

No disbursements are to be made until EY/Zurich and KSV/Bridging complete its review. FAAN is to be directed to comply with this arrangement.

Note where a disbursement may apply to more than one legal entity (such as general overhead expenses) and the allocation of the disbursement is known at the time of the payment (refer to section C below and Appendix A), the respective portions of the disbursement should be made from each legal entity's bank account or, if any expenses are required to be made by Formacon, the Receiver will have the expense funded, as applicable.

### B. Daily Bank Balances and Activity

Bondfield will provide to KSV and EY the daily bank activity and bank balances for the previous business day by the end of the following business day. All project receipts will be identified as bonded or non-bonded. KSV and EY will be provided electronic access to the bank accounts to be able to view the bank activity.

### C. Cash Flow Actuals Reporting

### Weekly Actual Cash Flow Reporting by Entity and Bonded vs. Non-Bonded Projects

A variance analysis for Actual Cash Flows compared to forecast for each week will provided to EY/KSV by the Friday of the following week for review and comment, with a reconciliation of all items on the previous week's disbursement list. If a 13 week cash flow forecast is not yet available, then at least a reporting of the actual cash flows (with no comparison to a forecast) for each entity on a bonded vs. non-bonded basis will be provided. In preparing the reporting for the Actual Cash Flows, Bondfield will incorporate the following allocations:

- Any receipts or disbursements that are directly attributable to a construction project will be
  allocated to that project. The cash flows for all the bonded projects of each legal entity will be
  grouped together, as will the cash flows for all the non-bonded projects of each legal entity.
- The disbursements for payroll, benefits, source deductions and union dues for each BCCL, 352021 Ontario Limited, BMC, BBM, Formacon and Forma Finishing will be allocated between bonded and non-bonded cash flows based on the actual time incurred on each of their projects. Support will be provided by Bondfield, to KSV and EY (after being vetted by FAAN) for the allocation of these disbursements in the same format as has been provided to date.
  - If payments are being made for union dues or benefits related to a month that is not the current month, then they will be allocated according to the payroll timesheets for the relevant month to which they relate.
- For all other disbursements such as the below, please refer to the methodology set out in Appendix A (the Proposed Allocation Methodology for General Overhead):
  - disbursements for payroll, benefits, and source deductions for Bondfield Management (BMI);
  - o the weekly disbursements related to Payments for Priority Amounts Arrears;
  - o disbursements for other general expenses, administrative expenses and overhead.

### **Project by Project Reporting**

On Friday of each week, Bondfield will provide a notional subledger for every bonded project and non-bonded project that will record all the receipts and disbursements (directly attributable or allocated) for every bonded and non-bonded project from the previous week An accounting for any surplus or shortfall in respect of the projects shall be maintained.

 For items that are not directly attributable to individual projects, please refer to the methodology set out in Appendix A

The purpose of this project by project accounting is to maintain the trust as required by the *Ontario Construction Act*.

Each of FAAN, EY and KSV will review the notional subledgers, including all directly attributable receipts and disbursements, and allocated disbursements so that all three parties can reach agreement on the accounting. Any differences will need to be resolved in order to mitigate any later disputes regarding the net cash flow of each project, and all three parties should sign off on the subledgers at the end of each week. It is acknowledged that neither KSV nor EY have signed off on any subledgers to date.

### D. Cash Flow Forecast Reporting

Bondfield will provide at minimum a two week detailed cash flow forecast on a regular basis or as requested which will include:

- Detail of disbursements and receipts for each legal entity and notionally segregated (whether directly attributable or allocated) between bonded project cash flows and non-bonded project cash flows.
- An opening cash flow position that reconciles to the daily bank balance and activity reporting that has been previously provided.

### E. Other Information Sharing

### **Payments Status of Bonded Claims**

Zurich will provide to Bondfield on a monthly basis at minimum a list of the claim amounts by payee for each bonded project that it has paid.

Bondfield will relieve its Accounts Payable for these payments and set up a new payable to Zurich for these same amounts. Bondfield will provide to EY and KSV a report from JONAS showing that these amounts have been appropriately recorded in respect of amounts paid by Zurich.

### **Cross-Advisor Liaising**

EY and KSV will meet, in person or by phone, as required to share any issues or concerns that have been discovered by either party during the week with respect to cash flows, disbursements, or any other matters that could be viewed as potentially important to the other party. EY and KSV shall cooperate throughout the course of this mandate.

# **Appendix A: Proposed Accounting Allocation Methodology for General Overhead**

General overhead is understood to be comprised of the following sub-categories:

- A. Payroll, Benefits, Source Deductions for BMI Bondfield Management
- B. General and unallocated operating expenses
- C. Priority Amounts Arrears
- D. Equipment Leases and Other Pre-Authorized Payments
- E. Professional Fees
- F. Contingencies

For each of the above categories, a proposed allocation methodology between all of the bonded and non-bonded projects for each entity has been outlined below.

### A. Payroll, Benefits, Source Deductions for Bondfield Management (BMI)

BMI personnel are understood to be employed by BCCL and are comprised of the following groups of employees:

- Executives
- Accounting and Finance department
- General Administration
- Estimators
- Marketing
- Project Managers, supervisors, coordinators
- Legal
- Safety

The employee costs related to Executives, Accounting and Finance department, General Administration, Legal and Safety should be allocated across all of the bonded and non-bonded projects for each entity based on the Expected Revenue left to bill, as of August 31, 2018. Once KSV is appointed Receiver, the analysis should be updated for expected revenue left to bill as of date of KSV's appointment. This allocation will be reviewed by EY and KSV together on a periodic basis, as requested by either party.

The employee costs related to estimators and marketing staff up to November 19, 2018 will be split 50/50 between bonded projects and non-bonded projects. After such date, the costs for these staff will have to be addressed with Bondfield management. No costs for estimators and marketing staff will be required to be paid by the Receiver.

The Employee costs related to Project Managers, supervisors, coordinators should be allocated based on the projects. The allocation will need to be revised as of the receivership date.

### B. General and unallocated operating expenses

These are comprised of the following types of expenses with the following allocations:

EXPENSE TYPE	ALLOCATION METHODOLOGY
General Maintenance – computers, building,	
equipment, etc.	To be allocated across all of the bonded and non-
Premises Expenses – rent, utilities, office	bonded projects for each entity based on the
supplies, telephones,	Expected Revenue left to Bill, as of August 31,
	2018. This will be updated on November 19,
Bank Service Charges	2018 to reflect that Forma Con will be in
	receivership. None of these expenses will be
	allocated to Forma Con as of the receivership
	date, unless such costs are directly related to the
	receivership period and incurred by Formacon
	(i.e. Formacon will be responsible for the use of
	any leased assets it requires for non-bonded
	projects).
May leating Evanges - Entantaine ant/magle	All synamose of this patient up to Neverther 10
Marketing Expenses – Entertainment/meals,	All expenses of this nature up to November 19,
Charitable donations, employee	2018 will be split 50/50 between bonded projects
meals/entertainment, promotion	and non-bonded projects. After the receivership
	date, these costs will be fully allocated to
	Bondfield

### C. Priority Amounts - Arrears

These are comprised of weekly and biweekly payments to CRA, in accordance with a payment plan agreed upon with CRA, with respect to unremitted payroll source deductions beginning in 2017, or any other updated payment plans agreed with CRA. The below chart excludes any payments relating to unremitted HST and WSIB. As of the receivership date, any amounts required to be funded by Forma Con will be discontinued and any amounts then outstanding will be a claim in the receivership.

CRA Account Number	Legal Entity	Amount	Timing
100577162RP0001	BCCL	75,000	Weekly
135726081RT0001	1033803 Ont - FC/FF	250,000	Weekly
119868230RP0001	352021 ONT	75,000	Weekly
875433807RP0001	BMC	75,000	Bi-weekly

These payments should be allocated across all of the bonded and non-bonded projects for each legal entity based upon the actual split of payroll between the projects for the year-to-date as of August 2018. This basis will be reviewed by EY and KSV together on a periodic basis, as requested by either party.

WSIB arrears and HST will be allocated on the same basis.

### D. Equipment Leases and Other Pre-Authorized Payments

These are comprised of payments for equipment leases, lease payments for fleet vehicles, and lease payments for personal use vehicles.

For any leased equipment and fleet vehicles that are dedicated to any specific projects, the payments for those items should be allocated to the specific legal entity and project that is identified.

For any leased equipment and fleet vehicles that are generally shared between projects, those items should be allocated across all of the bonded and non-bonded projects for each entity based on the Expected Revenue left to Bill, as of August 31, 2018. This basis will be reviewed by EY and KSV together on a periodic basis, as requested by either party.

For any leased personal use vehicles, those will be allocated across the projects based on the Expected Revenue left to Bill, as of August 31, 2018. This basis will be reviewed by EY and KSV together on a periodic basis, as requested by either party.

### E. Professional Fees

These are comprised of payments to FAAN advisors for work performed until November 19, 2018. These fees should be allocated 50/50 between BCCL and Forma Con. After November 19, 2018 Forma Con will not be allocated costs of FAAN.

### F. Contingencies

These will need to be investigated with additional support provided subsequently and then allocated to the entity that paid it, but then allocated between bonded and non-bonded project flows based upon the support provided.

<sup>\*\*</sup> Item #s and OLVs are from the Gordon Brothers October/18 appraisal report

Bondfield agrees to insure the cranes and properly maintain the cranes in a reasonable and commercial manner.

In addition to the rental payments noted above, Bondfield will pay an amortization charge equal to the above OLVs over 8 years payable monthly. E.g. For Peiner SK 315 2005, the monthly amortization rate to be paid by Bondfield will be \$1,822.92 (\$175,000/8 years/12 months).

All amounts payable are exclusive of HST. All applicable taxes shall be added to the amounts paid by Bondfield.

### **II. HEAD OFFICE**

a) Bondfield is provided the use of the head office, including all furniture and equipment, at market rate rent for 1 yr minimum (which would be allocated to the cost of the projects).

Per Cushman & Wakefield's April 2018 valuation report, a market rate rent would be \$15.00/sq ft annually for the 26,124 sq feet gross floor area, with all expenses recovered from the landlord. Therefore, Bondfield would continue to pay CAM costs, property taxes, etc. (i.e. effectively triple net rent) and this below specified monthly rent:

	Annual Rent	<b>Monthly Rent</b>
\$15.00/sq ft annually for the 26,124 sq feet	\$ 391,860.00	\$ 32,655.00

The above rent would be for the property at 407 Basaltic Road, Vaughan, Ontario, where the property identification number is 03272-0071.

All rental prices are exclusive of HST. All applicable taxes shall be added to rental price and paid by Bondfield.

Any leased office equipment will be the obligation of Bondfield. If the office equipment is leased by 1033803 Ontario Inc., the equipment will be returned, unless Bondfield opts to assume the lease.

There is a yard next to the head office building which is used for equipment storage and additional head office parking. If Bondfield determines that this land, or a portion of thereof, is needed by Bondfield, then EY and KSV shall obtain an appraisal to determine the market rental rate, which appraiser will be agreed upon by KSV and EY. Bondfield will pay to use that land based on the market rental rate.

b) Use of head office personnel, services, or other overhead equipment owned by BCCL (e.g. IT servers)

To the extent that KSV, as court-appointed receiver, requires the services of any of the head office personnel or other overhead equipment, KSV and EY will determine a reasonable cost recovery for Bondfield. Any costs not to the account of Forma Con shall be to the account of Bondfield. Any costs of employees needed by Forma Con and not by Bondfield will be to the account of Forma Con.

### **SCHEDULE C**

### III. 1033803 ONTARIO INC. EMPLOYEES

There are approximately 73 employees of 1033803 Ontario Inc. who are working on bonded projects whose services will continue to be required on those projects.

These employees will continue to work on the bonded projects, subject to Bondfield funding all costs for these employees. These employees may also be transferred to BCCL or 352021 Ontario Inc. at the request of Bondfield. The specific list of these employees will be confirmed between EY and KSV, and any required logistics to effect either their continued employment or transfer will be worked out as soon as possible. Forma Con shall incur no costs related to these employees and any costs payable to retain them shall be to the account of Bondfield. If Bondfield does not pay the costs, Forma Con will be entitled to terminate these employees forthwith.

### IV. ALUMA EQUIPMENT

Bondfield is allowed the use of the Aluma material required on the bonded projects of Bondfield and Axis, at a market rental rate (which would be allocated to the cost of the projects).

Bondfield's rental rate will be equivalent to the rate that Aluma charges for this equipment.

### V. REMAINING OTHER EQUIPMENT

Bondfield is allowed the use of any other equipment required on the bonded projects of Bondfield and Axis (which would be allocated to the cost of the projects).

There is a variety of smaller equipment (e.g. pickups, heavy duty trailers, etc. skid steers, bobcats, excavators, boom lifts, etc.) that is owned by Bondfield Construction Company Limited, Bondfield Construction Equipment Limited and 1033803 Ontario Inc., attached as Exhibit C-1.

- KSV and E&Y agree to cooperate on a timely basis to identify Obsolete Assets, and Bondfield shall forthwith market and dispose of Obsolete Assets. All proceeds of Obsolete Assets will be distributed in accordance with the Intercreditor Agreement.

For those assets that are required for the completion of the bonded projects, Bondfield will be allowed the use of the equipment at a cost to be defined as follows.

- NSV will obtain an independent third party appraisal (from an appraiser to be agreed upon by KSV and EY) as soon as possible who will provide an updated orderly liquidation value for this equipment. Bondfield will pay a monthly rent equivalent to 14.25% per annum, plus HST, of that orderly liquidation value. In addition to the rental payments noted above, Bondfield will pay an amortization charge equal to the above OLVs over 8 years payable monthly (see example in section 1).

Bondfield agrees to insure the equipment and maintain the equipment in a reasonable and commercial manner.
