Proposed Endorsement

ECN reserves all of its rights and arguments with respect to the application of, and its rights under, the Cape Town Convention and the Aircraft Protocol. The parties will attempt to negotiate an agreement to include the ECN/GSH Helicopters in the SSP. The parties will return to the Court within two weeks to obtain an Order either: (a) establishing the terms upon which the ECN/GSH Helicopters will be included in the SSP; or, if such an agreement cannot be reached, (b) establishing the procedure for GSH to give possession of the ECN/GSH Helicopters to ECN. While GSH remains in possession of the ECN/GSH Helicopters it will comply with the Cape Town Convention and the Aircraft Protocol.

GSH reserves the right, on notice to any affected party, to seek to amend the priorities in para 39 of the Initial Order.
